

### **Required PFC Sessions**

Students who need to complete Peer Financial Counseling sessions to satisfy STANDARDS OF ACADEMIC PROGRESS APPEALS may complete the session online. The Online Peer Financial Counseling Session may be viewed at your convenience.

Once you have reviewed the session, please go to the Online Peer Financial Counseling Survey. You must print this out, answer all of the questions, and submit to the Office of Financial Aid. Pay careful attention to your answers, as a score of 70% or better is required to meet your Standards of Academic Progress Appeal.

Students may also choose to come to the Financial Aid Office in Victor Hall for an individual counseling session at the following times each week. Please allow approximately 30 minutes for the individual counseling sessions. After your counseling session, you will be asked to complete the Peer Financial Counseling Survey.

**TUESDAYS at 12:30 OR THURSDAYS at 5:30**
