Armstrong State University
Department of Mathematics

Scholarship Information

A limited number of scholarships are awarded annually by the Department of Mathematics on the basis of academic merit, accomplishment, and need. The scholarships are outlined below and a fuller description can be found on the Department of Mathematics website, along with the application form.

- **Lancey C. Jen** to a student who best meets the following:
  - full-time student majoring in math
  - shows financial need
  - accomplishment in math endeavors
  - B average in mathematics classes

- **Leslie A. Strozier Memorial** to a female student who best meets the following:
  - student majoring in math
  - sophomore or junior standing
  - strong potential for excellence

- **Davelyn Vinson Excellence in Mathematics Award** to:
  - a graduate student
  - pursuing a Master’s degree in teaching, concentrating on secondary mathematics

- **Jesse Shearouse Honor** to a student who best meets the following:
  - full-time student majoring in math
  - shows financial need
  - accomplishment in math endeavors
  - B average in mathematics classes

Interested students should apply directly to the Armstrong Department of Mathematics by:

1. contacting two faculty members willing to write letters of recommendation.

2. completing the application form along with a one-page essay on the applicant’s educational experience, career goals, and financial need.

3. submitting the form and essay to the Scholarship Committee, University Hall 297 before the deadline (the Friday before Spring Break).

Additional scholarships (math and non-math) under the purview of the Financial Aid office can be found at their website by logging in through Port. Students are encouraged to apply for the appropriate awards.
