Dr. Linda M. Bleicken, President
Armstrong State University
AMENDMENT TO THE BYLAWS OF THE EDUCATIONAL TECHNOLOGY COMMITTEE

Mission

The Education Technology Committee will review policies and practices in technological infrastructure and University policies governing the use of technology in collaboration with other University and senate committees to ensure an optimal environment for the educational use of technology, to promote the use of technology in education, and to assist faculty in using technology for teaching, service, scholarship, and professional development.

Rationale: We are recommending the addition of “professional development” to teaching, service, and scholarship in keeping with the current campus-wide expansion of professional responsibilities.
