STUDENT AFFAIRS MISSION STATEMENT
To provide student-centered opportunities and services that promote engagement and support transformative learning experiences

ABOUT US
The Division of Student Affairs is dedicated to supporting student success through the activities, events, programs and services that we provide to students throughout the year. These activities take place largely outside the classroom and the academic curriculum. All activities and services are dedicated to helping students achieve academic, personal and professional growth as they move forward to graduation.
GREETINGS!

I have the privilege and honor to serve as the Vice President for Student Affairs at one of the best institutions around, Armstrong State University. Being in the presence of such a talented group of students, faculty and staff who are all striving to be more successful each day makes my experience extremely rewarding.

This Student Affairs Divisional Guide is designed to provide an overview of the impact that the Division of Student Affairs has on the campus experience at Armstrong. In this document, we are delighted to introduce the Student Affairs Leadership Team and highlight some of the major contributions they have brought to Armstrong’s campus.

After you review this information and learn more about our departments, programs and services, I invite you to stop by the Student Affairs office on the second floor of the Student Union. We would be happy to discuss how we can support you or connect you to one of our outstanding programs.

I am looking forward to meeting you soon!

Sincerely,

Dr. Georj L. Lewis, Ed.D.
Vice President for Student Affairs
