

Burnett Hall dedication

The administration building will be dedicated as Burnett Hall on September 23 in honor of Armstrong Atlantic's fifth president, the late Robert A. Burnett. The event will be held at 11 a.m. and all staff and faculty are invited to attend the ceremony and the reception that follows. Please RSVP to Shelley Merrick at 921.2369 or at merricsh@mail.armstrong.edu by September 16.

Eleven reach 100% in staff/faculty campaign

Eleven locations have reached 100% participation in this year's staff and faculty giving campaign. The Liberty Center was the first to reach 100% followed by Plant Operations. Others to reach 100% thus far include Graduate Studies, the President's Office, External Affairs, Student Activities, Respiratory Therapy, Medical Technology, the Dean's Office of the College of Education, Health and Physical Education, and the Educational Technology Training Center.

The competition for 100% participation and the trophy will continue until 5:00 p.m. on Tuesday, September 6.

To find out about incentives for giving, contact the department, school, or college campaign chair. You may also call Gail Rountree at 927.5208 or Tracy Guilford at 921.7487.

In good company

If it is true that we are judged by the company we keep, then there is good news in the 2006 edition of the Kaplan/Newsweek College Guide. Armstrong Atlantic was included this year as one of 367 colleges and universities deemed "most interesting" by the author. An institution could be placed on the list for any of a number of reasons, which are left unspecified in the publication. But there we are with the likes of UGA, Georgia Tech, Harvard, MIT, UCLA, Bryn Mawr, and the College of William and Mary. To be sure, there are lesser known institutions on the list, but with AASU in there, they have something good going for them too.

AASU receives over \$450,000 in radiation therapy equipment

AASU has acquired cutting-edge radiation therapy equipment through a generous donation from the Curtis and Elizabeth Anderson Cancer Institute at Memorial Health University Medical Center. The state-of-the-art treatment planning systems are identical to those currently used by many of the university's clinical affiliates. These systems provide radiation therapy simulation and treatment planning services for cancer patients throughout southeast Georgia and South Carolina.

Lane Library information sessions

The Lane Library reference librarians will hold a series of 45-minute overviews. All interested persons are invited to attend.

- **© Copyright Issues for educators**
The overview of copyright issues for educators in creating and using copyrighted materials includes discussion of fair use, license permission, multimedia, printed, and electronic materials.
 - September 23, University Hall, room 112 (computer lab), 12:15-1 p.m.
 - October 7, University Hall, room 112 (computer lab), 12:15-1 p.m.
- **JStor: an update on content and searching**
Jstor stands for Journal Storage and is a searchable database of digitized scholarly journals. The next session is September 16 in University Hall, room 112 (computer lab), 12:15-1 p.m.
- **Omnifile**
A demonstration and hands-on practice of Omnifile Fulltext Mega will be held Friday, September 2, in University Hall, Room 112 (computer lab). Omnifile is an online database that provides quality indexing of a large number of articles from various disciplines and includes the full text of many published articles.

Appointments

Pamela Harwood has been named interim assistant dean of the College of Education. In her new role, she will assist the dean with administrative oversight of operations within the college. A university professor for over 20 years, Harwood has served as head of the department of special education since 1998.

Holly Thornton has been named head of the Department of Middle and Secondary Education. Prior to joining the College of Education, Thornton was the program coordinator for middle grades at the University of North Carolina at Greensboro. She previously taught in the teacher development department at Augusta State University.

Ronald Binkney has been named director of teacher education at the Brunswick and Camden centers. A former high school English teacher, Binkney worked in two Massachusetts public school systems, first as curriculum director in Wareham, and later as assistant superintendent of schools for North Andover.

Welcome Aboard

Suzanne Ansley, Advancement
Katherine Arntzen, University Relations
William Baird, Chemistry and Physics

The 2005-2006 Robert Strozier Faculty Lecture Series begins with Jump-Starting a Dead Shark: Mangled Metaphors and Mixed Models of Faculty Renewal delivered by Dick Nordquist, faculty development and liberal studies. The lecture will be held at noon in University Hall, room 156.

Women's volleyball vs. USC Aiken at 7 p.m. in the Aquatic and Recreation Center

Kudos

Barry S. Eckert, dean of the College of Health Professions, has been invited to serve as vice-chair of the Education Committee of the Association of Schools of Allied Health Professions (ASAHP) during the 2005-2006 academic year. The ASAHP is the largest national organization of allied health schools. Eckert will assume the chairmanship for the 2006-2007 year.

June Hopkins, associate professor of history, has been named interim head of the Department of History. She and **Teresa Winterhalter**, coordinator of the Women's Studies Program, were named Governor's Teaching Fellows for the summer of 2005. Hopkins and Winterhalter were selected to participate in a symposium that took place in Athens. Their selection was based on teaching experience, interest in continuing professional development, and ability to have an impact on their home campus.

Y. Daniel Liang gave the keynote speech, "Computer Science Education in the U.S.," at this summer's Chinese Computer Science Conference in Lushan, China. More than 400 computer science professors attended the conference. Liang also received the Best International Author Award at the conference.

Ed Strausser, middle and secondary education, is the new coordinator of the Troops to Teachers program.

Jose A. da Cruz, political science, taught Latin American politics this summer in Chile at the Universidad de La Serena.

The National Science Foundation in Washington, DC appointed **Mark Burge**, associate professor of computer science, to the position of program director. He will evaluate proposals for acceptance or declination and direct the implementation, review, funding, post-award management, and evaluation of the programs supported by the division. Burge has also written a book, *Digitale Bildverarbeitung: Eine Einfuehrung mit Java und ImageJ* (*Digital Image Processing: An Introduction with Java and ImageJ*) with co-author, Wilhelm Burger, director of School of Digital Media at the Hagenberg Technical University in Austria. The 550-page book was published in May 2005. It is written in German and is currently being translated into English and French.

Tony Morris, managing editor of the *Southern Poetry Review*, recently gave poetry readings at the Regulator Book Shop in Durham, NC; Cleveland County Women and Friends Literary Conference in Shelby, NC; and the Pennsylvania Writer's Conference in Wilkesbarre, PA. He had three poems published in the summer 2005 issue of the *Cairn Review*, and was the featured poet on www.Versedaily.org. His new book of poems, *Back To Cain*, was recently published.

Lynn Stover, nursing, presented "Legal Issues Involving Nurses" at the 10th Annual Georgia Society of Ambulatory Surgery Centers Conference in Atlanta.

Richard Wallace and **Suzy Carpenter**, chemistry and physics, have published "Using Spreadsheet Software in a 'Value-Added' Review of Infrared Spectroscopy in the Organic Chemistry Laboratory Course" in *The Chemical Educator* 10.

**The submission deadline
for the October issue of**
