Student Learning Outcomes 2016-17

1. Goal: Students will improve their self-advocacy skills.

   Outcome: Students will meet with an O.D.S. staff member once a semester to discuss their accommodations, self-advocacy, and academic progress (target = 60% of active registered students).

   Measures: Track through Student Accommodation Manager (SAM) database and survey

2. Goal: Students will improve their realistic self-appraisal and self-understanding.

   Outcome: Students who self-identify as having a disability will acknowledge both personal strengths and weaknesses and the impact of each upon their disability and their academic success (target = 60% of active registered students).

   Measures: Track during check-in meetings with students and survey.

3. Goal: Students will increase their healthy behavior.

   Outcome: Students will describe personal behaviors that promote a healthy lifestyle and that promote a positive self-regard (target = 60% of active registered students).

   Measures: Track during check-in meetings with students and survey.

4. Goal: Students will increase their practical competence.

   Outcome: Students will identify personal campus and community supports that need to be in place to achieve personal and academic success (target = 60% of active registered students).

   Measures: Track during check-in meetings with students and survey.
