

**Armstrong Atlantic State University
Faculty Meeting
Minutes of March 20, 2006**

I. Call to Order. The meeting was called to order at 12:13 p.m. in University Hall 156 on Monday, March 20, 2006 by Interim Vice President Ed Wheeler. There were 162 out of 281 faculty members in attendance, with 7 excused absences. The list is on file in the Vice President's Office with the official minutes. Patrick Thomas served as Parliamentarian in the absence of Patrick Brennan.

II. Approval of Minutes – The minutes of February 13, 2006 were approved as presented.

III. Comments

President Thomas Jones

Bill Kelso has been named Interim Vice President of Student Affairs. A national search for a new Vice President of Student Affairs will be launched before the end of the academic year, with a target start date of January 1, 2007.

Dr. Patrick Thomas has been named chair of the Intercollegiate Athletics Committee.

Only one bid was received for installing a traffic signal at Abercorn and Arts Drive, and it exceeded the amount of money budgeted for the project. As a result, AASU is working with the Department of Transportation to try to get the project folded in with larger DOT projects.

University Terrace, the third addition to campus housing, is adding 96 beds, bringing the total for fall in excess of 850. We currently have a 98% occupancy rate for campus housing.

Construction on the Women's Athletics Field House will begin this summer.

Armstrongfest is coming up March 27- April 2.

This fall AASU will be offering the Bachelor of Arts in Law and Society.

The Chancellor paid a brief visit to campus a few weeks ago during his trip to visit all of the USG institutions.

Plans are being made for a capitol campaign in recognition of AASU's 75th anniversary in 2010. An in-depth needs assessment will be made. Vice President Wheeler is being asked to enter into dialog with the deans and department heads to identify needs that could be targeted by this campaign.

IV. Old Business

A. VPAA Search

Janet Stone

Baker and Parker has sent 56 application files for the VPAA position and has identified 14 that they feel best meet the requirements of the position. The Search Committee is in the process of reviewing applications and will be conducting preliminary interviews on March 31 and April 2. After those interviews, the names of the candidates to be invited to campus will be released. Those candidates will be invited to campus the weeks of April 10 and April 17. Their vitas will be made available and they will give public presentations. There will be an opportunity for feedback on the candidates after their visits. The Search Committee will make their recommendation to Dr. Jones on April 21, and Dr. Jones will do the follow-up. No announcement will be made until the negotiations are concluded.

V. New Business

A. Introduction of New Faculty. This item was deferred.

B. Elections, Executive Committee and University Curriculum Committee 2006-2008 (see Attachment 1).

At the last faculty meeting the following people were elected to University Curriculum Committee, with the other races going to runoff elections today:

Lynn Roberts – Health and Physical Education (College of Education seat)
 Helen Taggart – Nursing (College of Health Professions seat)
 Ross Bowers – Respiratory Therapy (College of Health Professions seat)

Results of the runoffs:

University Curriculum Committee:

Cameron Coates - Engineering Studies (School of Computing seat)
 Richard Horah - Lane Library (College of Arts and Sciences seat)

The remaining College of Arts and Sciences seat went to a runoff between Jim Todesca (History) and Stephen Taylor (Psychology). Tallying of votes had not been completed by the end of the meeting.

Executive Committee:

In the runoff for the College of Education seat, Wendy Marshall defeated Greg Wimer. Dr. Wimer was put on the second runoff ballot for the five unassigned seats. Tallying of votes had not been completed by the end of the meeting.

B. Art, Music, & Theatre

- 1. A motion was made, seconded, and approved to Delete the following course:**

~~ARTS 4700 Senior Portfolio~~ ~~1-4-3~~

Rationale: This course is being replaced by ARTS 4720, Leadership in the Visual Arts, and ARTS 4740, Senior Exhibition.

Rationale: This course adds a new dimension to the existing art program teaching students how to promote the arts. The framework for this class is THEA 3470 – Theatre Management that is currently being taught for the Theatre program. This course will be cross-listed with THEA 3470 and MUSC 3470 and taught concurrently. No new resources should be needed to deliver the class.

Effective Term: Fall 2006

CURCAT:

ARTS 4750 - B.F.A. Project

~~ARTS 4700 – Senior Portfolio~~

ARTS 4720 – Leadership in the Visual Arts

ARTS 4740 – Senior Exhibition

It was moved, seconded and approved to accept Items 1-5 under Section D below from the February 15, 2006 minutes of the University Curriculum Committee.

D. Chemistry & Physics

1. A motion was made, seconded, and approved to Create the following course:

CHEM 2900 Introduction to Chemical Research **0-(3-9)-(1-3)**

Prerequisite: permission of the department head

Prerequisite or co-requisite: CHEM 1212

Description: Faculty originated chemical lab-based research project.

Written report required.

Rationale: Involving undergraduates in chemical research is an important way to teach chemistry as well as to recruit and retain chemistry majors. The proposed course complements the existing research courses (3900 and

4991) in that it would expand research opportunities to include freshmen students.

Effective Term: Fall 2006

CURCAT:

Major Department: Chemistry & Physics

Can course be repeated for additional credit? yes

Maximum Number of Credit Hours: 6

Cross-listed courses: none

Grading Mode: satisfactory/unsatisfactory

Instruction Type: lab

2. A motion was made, seconded, and approved to Change the following course description:

CHEM 1212 Principles of Chemistry II

3-3-4

Prerequisite: CHEM 1211

Description: Second course in a two-semester sequence covering the fundamental principles and applications of chemistry designed for science majors. Topics include thermodynamics; equilibria (~~including complex equilibria~~); kinetics; electrochemistry; nuclear chemistry; descriptive inorganic chemistry; introduction to organic chemistry; **and polymers.**

Rationale: An examination of the course content of CHEM 1212 revealed that the topics of complex equilibria is explored in CHEM 2300, Principles of Chemical Analysis, and that the student's understanding of equilibria is not compromised by its omission from 1212. Also, since the impact of polymers on everyday life is immense and students in general chemistry should have an appreciation of them, their inclusion in this course is appropriate.

Effective Term: Fall 2006

3. A motion was made, seconded, and approved to Change the following course description:

CHEM 3900 Chemical Research

0-(3-9)-(1-3)

Prerequisite or co-requisite: CHEM 2102

Description: ~~Open only to majors in chemistry.~~ Faculty originated chemical lab-based research project. ~~Written report.~~ **Scientific paper required.**

Rationale: Since the prerequisite or co-requisite of CHEM 2102 ensures that students taking CHEM 3900 will have sufficient laboratory experience to conduct supervised chemical research, the requirement that they be chemistry majors is unnecessary and restrictive. (For example, pre-med and pre-pharmacy students who have met the pre- or co-requisite of CHEM 2102 have recently been involved in research.) The replacement of "written report"

with "scientific paper" communicates a higher expectation for the documentation accompanying CHEM 3900 relative to that for CHEM 2900.

Effective Term: Fall 2006

4. A motion was made, seconded, and approved to Modify the Program for the Degree of Bachelor of Science in Chemistry:

B. Major Field Courses.....38 hours

or 4991/2/3/4

Effective Term: Fall 2006

It was moved, seconded and approved to accept Items 2-4 under Section H below from the February 15, 2006 minutes of the University Curriculum Committee.

H. Languages, Literature, & Philosophy

2. A motion was made, seconded, and approved to Modify the following minor:

Linguistics.....15 hours

~~ENGL 3010 and at least 12 hours of LING~~ **electives twelve hours of approved electives selected from LING 4700, LING 5000, LING 5440, LING 5445, LING 5800, LING 5820, SPAN 4040, SPAN 3050, SPAN 3060, and FREN 3030.**

Rationale: Each of the foreign language courses added to the minor deals solely with such concepts as phonetics, dialectology, morphology, semantics, and syntax. Linguistics is a field that crosses language boundaries; the concepts are used to examine all languages. Basic courses in linguistics study examples from many languages, including African, Asian, and Indo-European. Adding these courses as options to the minor will make the minor more attractive to students in other disciplines. Additionally, the minor will become more valuable to students of English by exposing them to linguistic studies in fields other than English.

Effective Term: Fall 2006

(1) Faculty Field Trips. There will be two delightful field trips in April: (i) Carol Ebel's tour of Midway and other points south on April 14, and (ii) Tom Howard's trip west to the onion and strawberry fields on April 28. Flyers should now be sitting in faculty mailboxes. Or you can sign up at the Faculty Development web site or by calling Peggy Williams in Faculty Development at 5991.

(2) 6th Annual Teaching & Learning Symposium on Friday afternoon, March 31st. Faculty presenters should hear from Dick Nordquist by this evening regarding the exact times and University Hall room numbers for their presentations. By midweek, the program will be posted online for all to see. Because we need to know how many folks to expect for the fine Rick McGrath lunch on the 31st (and because the members of the Faculty Development Committee are paying for that "free" lunch), please register if you haven't done so already. Simply send an e-mail to Dick Nordquist, or call 5991.

(3) News from the Leadership Advisory Committee. Members have reviewed all Service & Leadership grant applications and delivered recommendations to VP Wheeler and VP Bell. Decisions should be announced soon.
