

**Armstrong Atlantic State University  
Faculty Meeting  
Minutes of November 13, 2006  
Armstrong Center**

- I. **Call to Order.** The meeting was called to order at 12:20 p.m. by Vice President Ellen Whitford. There were 154 of 291 faculty members in attendance, with three excused absences. The roster is on file in the Vice President's Office with the official minutes.
- II. **A moment of silence for Dr. Patrick Brennan.** A moment of silence was observed in memory of Dr. Patrick Brennan, Faculty Parliamentarian and Assistant Professor of Special and Adult Education, who passed away on October 25, 2006.
- III. **Approval of Minutes** – The minutes of October 9, 2006 were approved as presented.
- IV. **Updates** Ellen Whitford

Budget. The proposed budget was submitted to the Board of Regents on November 1. As mentioned previous, the budget was not based on numbers of students this year. Rather, it was based on productivity measures and how we compare to other institutions in the system and nationally. Initial analysis shows that we compare favorably to other institutions. Our budget is a healthy budget and we are using the money strategically. We have requested 6% of our base budget. All new money requested is for academics. In the College of Health Professions, funding requests center around increasing the number of nurses graduated. In the College of Education the focus is on increasing the number of teachers graduated, particularly from off-campus sites. In the College of Arts and Sciences there is a need to expand programs to support the increased number of nursing and teaching students. In the School of Computing there is also a proposed interdisciplinary program in cybersecurity in conjunction with the Department of Criminal Justice, Social and Political Science. Funds have also been requested to support student success – first year experience, advising, initiatives to help first year students, improving graduation and retention rates, and technology support in the classrooms. On December 4 Dr. Whitford and other administrators will be attending a meeting at the system office to answer questions about the budget. After January 1 the Chancellor will meet with President for further discussions. We should know what our budget will be in March or April.

Facilities. Twenty-four of the top people involved in the Quiznos project were laid off by Quiznos, so the project is currently on hold as we wait for new people to be assigned to the project.

A faculty committee met with three architectural firms to view proposals on the Jenkins Hall and Fine Arts Auditorium renovations. On November 1 the design team was selected. The faculty committee has been transformed into an ongoing advisory team to work with the architect.

**VI. Old Business.** There was no old business.

**VII. New Business**

**A. Approval of December Graduation Candidates** (see Attachment 1) Kim West

Mr. West formally presented the list of candidates for graduation, contingent on completion of all degree requirements. It was moved, seconded, and approved to accept this list.

**B. Reports of the Standing Committees to the Faculty**

1. **University Curriculum Committee** Ellen Whitford  
(Action items only: Please refer to UCC minutes of October 18, 2006.)

**I. College of Arts and Sciences**

*It was moved, seconded and approved to accept Item 1 under Section E, below, from the October 18, 2006 minutes of the University Curriculum Committee.*

**E. Criminal Justice, Social, & Political Science**

1. **Change the prerequisites for the following courses:**
- a. POLS 3210 International Relations: East Asia 3-0-3  
Prerequisite: POLS 2100 or HIST 1100 or POLS 1100 **or POLS 1150**
  - b. POLS 3990 Special Topics in Political Science 3-0-3  
Prerequisite: permission of instructor or department and either POLS 2100 **or POLS 1150**
  - c. POLS 4400 Independent Study in Comparative Government 3-0-3  
Prerequisite: permission of instructor or department **or POLS 1150**

Rationale: POLS 1150 World Politics introduces students to global geopolitical issues occurring on the international scene.

**Effective Term: Fall 2007**

*It was moved, seconded and approved to accept as a block Items 1 and 2 under Section J, below, from the October 18, 2006 minutes of the University Curriculum Committee.*

## **J. Psychology**

### **1. Modify Area F under the Program for the Degree of Bachelor of Arts in Psychology:**

Area F .....18 hours  
 PSYC 1101 or PSYC 1101H - Introduction to Psychology or Honors Introduction to Psychology (if taken in Area E, replace with another Area E, section 3 course)  
 PSYC 2200 - Introduction to Psychological Research  
 ANTH 1102 - Introduction to Anthropology (if taken in Area E, replace with another Area E, section 3 course) **or PSYC 2000 – Ethics and Values in Psychology**  
 BIOL 1107 - Principles of Biology I (if taken in Area D, replace with BIOL 2081)  
 BIOL 1108 - Principles of Biology II (if taken in Area D, replace with BIOL 2081 or BIOL 2082)

Rationale: We would like to change ANTH 1102 to **ANTH 1102 or PSYC 2000** (Ethics and Values in Psychology) so that students would have more choices and might progress through our program more quickly (some students have had to wait several semesters to take ANTH 1102 because all sections close fairly quickly). We have consulted with the Interim Head of the Biology Department, who has indicated that this change would not impact their department adversely. They often turn down students who want to add ANTH 1102 after all sections are closed.

**Effective Term: Fall 2007**

### **2. Modify Related Field Studies under the Program for the Degree of Bachelor of Arts in Psychology:**

C. Related Field Courses .....18 hours  
 MATH 2200 - Elementary Statistics  
 ITEC 1050 - Introduction to Computer Concepts and Applications **or CSCI 1150 – Fundamentals of the Internet and World Wide Web or ITEC 1310 – Programming in Visual Basic**  
 Two course sequence of foreign language  
 Two courses (3000+) from the following:  
 psychology, sociology, anthropology, or economics

Rationale: We would like to change ITEC 1050 to **ITEC 1050 or CSCI 1150 or ITEC 1310** so that students would have more choices as to which course might

be best for them educationally. We have consulted with the Department of Information Technology who has indicated that this change would not impact their department adversely.

## **Effective Term: Fall 2007**

### **2. Executive Committee**

Joyce Bergin

At the last Executive Committee meeting the entire time was devoted to looking at the proposed faculty senate bylaws presented by the Faculty Governance Development Committee. More time is needed to discuss this draft, so the Executive Committee will be having a special meeting on November 20 at noon. It is still hoped that the draft can be presented to the faculty in February to prepare for an April vote.

Shared governance is a term that is often discussed, but the ramifications of which are often misunderstood. This work of the Faculty Governance Development Committee speaks to the heart of shared governance. When educational forums are offered to inform faculty about the possible switch to a senate structure, it is hoped these forums will be well attended. The Executive Committee welcomes and encourages faculty members to attend future forums, ask questions, and get involved.

The work of the Faculty Governance Development Committee and their chair, Suzy Carpenter, has been outstanding. The Executive Committee is very appreciative of all their hard work.

In other business, the Executive Committee is in conversation with the Committee on Information Technology regarding policies for appropriate use and computer security. The Executive Committee has particular concern about accessibility of these policies by faculty, staff, and students. They are also inquiring about how current the present policies are. Dr. Steve Jodis, Chair of the Committee on Information Technology, has responded to a memo sent by the Executive Committee. Further discussion will take place at the December meeting of the Executive Committee.

### **3. Writing**

Greg Anderson/Leigh Rich

Give for the Gulf Thanksgiving Project

Donations are needed for Give for the Gulf's Thanksgiving Dinner project. With our community partners Pickin' Up the Pieces, Give for the Gulf will deliver Thanksgiving dinner care packages to families who have been affected by Hurricane Katrina.

The donation deadline is Wednesday, Nov. 15. Donations may be dropped-off in the Health Sciences Department, Solms 201, or at the Public Defender's Office in downtown Savannah.

Pickin' Up the Pieces Volunteer Trip

One electrician, one plumber and one generally handy person are needed to accompany Pickin' Up the Pieces on a very short (4-day) rebuilding trip. If you are interested or know someone who is, please contact Linda Edwards, (912) 429-4220 or [www.pickinupthepieces.org](http://www.pickinupthepieces.org), ASAP.

The trip is scheduled for Nov. 17–20. The volunteer group will leave Savannah Friday evening, work Saturday and Sunday, and return no later than midday Monday. The project involves finishing up a home (see photo below) that was started by Habitat for Humanity's "One House at a Time" project. The home primarily needs electrical and plumbing work before the family of seven (including one wheelchair-bound family member) can move into their new home. Be a part of enabling this family to spend their holidays in their new home!

Pickin' Up the Pieces and AASU's Give for the Gulf are also planning other volunteer trips in the upcoming months. If you want to be involved or know of an organization and/or person who might be interested, please contact Linda Edwards, (912) 429-4220, [www.pickinupthepieces.org](http://www.pickinupthepieces.org).

Greg Anderson reported that he went on Fall Break trip and that things are still a decade away from looking normal. A Spring Break trip is already being planned. He also announced that the Housing staff is providing dinner for resident students this Thursday as a fund-raiser. If you will cook a turkey and can bring it to the cafeteria by 7:00 on Thursday, please call Greg – he will provide the turkey.

**B.** The Great American Smoke-Out is this Thursday. Dr. Robert Jones will be giving an update on lung cancer surgery, at noon on Thursday in UH 156.

**C.** On December 6 & 7 Professor John Jensen and his students will be having their annual Christmas pottery sale.

**D.** The Coastal Georgia Writing Project hosted faculty from Georgia Southern University and Valdosta State University at their fall conference. The conference was very successful.

**X. Adjournment.** The meeting was adjourned at 12:47 p.m.
