CALL TO ORDER. The meeting was called to order at 2:04 p.m. by Dr. Teresa Winterhalter.

APPROVAL OF MINUTES. The minutes of August 21, 2013 were approved as presented.

ITEMS

I. College of Education (no items)

II. College of Health Professions
   A. Health Sciences

   Items 1-2 from the Department of Health Sciences were discussed and approved by the committee.

   1. Create the following course
      MHSA 7950 Health Service Administration Capstone Project V-V-3
      Co-requisite: MHSA 7880
      Description: Comprehensive assessment of skill and knowledge-based program competencies based upon student completion, presentation, and defense of results from assigned or approved project(s), case studies, and/or other applied research assignments. Student must earn a grade of A or B to satisfy the requirements for graduation.

      Rationale: This course will allow students the opportunity to synthesize and demonstrate mastery of cross-curricular competencies through the completion and presentation of a faculty assigned project. The MHSA program has increased its focus on improving the methods by which it
currently assesses the educational competencies its students achieve. Currently, most competency assessment is done by the student at different points in the didactic and applied components of the program. Recent program accreditation advice strongly encourages an increase in the rigor and validity of competency assessments by including faculty and practitioner-focused assessments. Effective faculty assessment of student educational competencies requires the creation of a capstone project to allow faculty and students to focus competency assessment efforts at the conclusion of the MHSA program.

Effective Term: Spring 2014

CURCAT

Major Department: Health Sciences
Can course be repeated for additional credit? No
Maximum number of Credit Hours: 3
Grading Mode: Regular
Instruction Type: Lecture

2. Modify the following program of study:

MHSA Program of Study:

A. Required Didactic Courses (50 semester hours)

MHSA 6000 Health Care Financing and Delivery Systems 3
MHSA 6100 Organization Theory/Organizational Behavior HC 3
MHSA 6200 Quantitative Analysis Methods for HC Mgmt. I 3
MHSA 6300 Health Care Financial Management I 3
MHSA 6400 Health Care Economics 3
MHSA 6600 MHSA Professional Seminar I 1
MHSA 6625 Health Information Systems Mgmt. 3
MHSA 6650 Human Resources Management in Healthcare 3
MHSA 6700 Quality Management Methods in Healthcare 3
MHSA 6800 Legal Environment of Healthcare 3
MHSA 6850 Managerial and Biomedical Ethics HC 3
MHSA 6880 Strategic Marketing for Health Care Org. 3
MHSA 7100 Leadership Seminar 3
MHSA 7200 Quantitative Analysis Methods for HC Mgmt. II 3
MHSA 7300 Healthcare Financial Management II 3
MHSA 7400 Health Politics and Policy 3
MHSA 7600 MHSA Professional Seminar II 1
MHSA 7880 Strategic Management of Health Services Organizations 3
MHSA 7950 Health Services Administration Capstone Project 3
Rationale: It was felt that students would be better served by incorporating leadership theory content into several existing courses in the program and phasing MHSA 7100 out as a required course in the program of study and adding a capstone project requirement in its place. In its place, the faculty decided that adding flexibility by allowing students the choice of one directed didactic elective from several existing courses would be appropriate and address a potential accreditation issue before the next site visit.
