I. Call to Order. The meeting was called to order at 2:32 p.m. by Dr. Joey Crosby.

II. Approval of Minutes. The minutes of February 7, 2012, which were approved by email on February 9, 2012, were amended to add the following sentence on page 2, Item V.A, paragraph 1: “There was discussion about some recipients receiving multiple assistants when requests by others were not funded.”

Dr. Crosby announced that the minutes of today’s meeting would be distributed by email within the next two days for review and approval so the candidates for graduation can be passed on to the Registrar in a timely manner.

III. Committee Reports
A. Graduate Curriculum (See Attachment 1)
   The committee accepted the report of the Graduate Curriculum Committee with the correction of some typographical errors. The report should proceed through the Senate as an action item for Presidential approval.

B. Graduate Faculty Status (See Attachment 2)
   The committee accepted the report of the Graduate Faculty Status Committee

C. Graduate Student Appeals – no report

IV. Approval of Candidates for Graduation (See Attachment 3)
   The list of candidates for graduation was approved, with the names to be removed highlighted in red. It will be sent directly to the Registrar’s Office. Any corrections beyond this point should be sent to Ms. Judy Ginter directly.

V. Applying for Graduation – Policy and Catalog Language (See Attachment 4)
   The policy for applying for graduation two semesters before the anticipated date of graduation has been consistent for both graduate and undergraduate students.
However, this is not consistent with the reality of applying for graduation for graduate students. Ms. Judy Ginter recommends that for graduate students we publish the dates by which applications are due, as usual, but replace this language:

“An application for graduation that must be forwarded to the Office of Graduate Admissions two (2) semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.”

with this language:

“Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.”

She has listed all occurrences of this language in Attachment 4.

It was moved and seconded to accept the substitution of language listed above, and for the chair to discuss further clarification of the application dates with Ms. Ginter, with the proviso that clarification of the dates can be submitted to the catalog editor during the normal catalog revision process. The motion carried.

VI. GSCC
Mr. Al Harris reported that 88 people attended the Tax and Relax event. Also, a revision of the funding policy has been passed that will allow funding of students presenting papers at conferences within a month after graduation.

VII. John Kraft
Dr. Kraft reported that he is still working on catalog revisions. The ad hoc committee on non-degree seeking graduate students, headed by Dr. Patricia Wachholz, has been meeting and should have something to present at the April meeting.

Applications for fall are being pushed to the departments as soon as possible. If you are sure you are going to accept a student into your program, do not delay informing them of your decision.

VIII. Anne Thompson
Dr. Thompson thanked all for their help in collecting syllabi and CVs to help prepare for the upcoming SACS review. Ms. Abby Willcox will be in touch regarding items that are still missing. Dr. Thompson noted that there has been more difficulty obtaining syllabi than CVs.

SACS has a requirement for assessment and evaluation of faculty. We have a process in place of assessing and evaluating full-time faculty. However, we have
nothing in place for part-time faculty. This will be discussed further at the Academic Affairs Council.

IX. Jill Bell
Ms. Bell reported that she has been working closely with Communication Sciences and Disorders, where applications are up to 155 for fall. Other applications are spread out across the board. Summer applications are also being worked on. Most students have incomplete paperwork at this point. Many are waiting for transcripts of work that is being finished in May.

The draft postcard/poster for the Graduate Open House was distributed (see Attachment 5). The web page is up, and about 8 people have registered already. NPR will be putting out the message this week. The billboard will be done as well. A banner is being made to hang on the Student Union. Text and email messages will be going out to students in the next 1.5 weeks. Posters and postcards will be sent to the departments for distribution to target students and institutions. There will be extras in Ms. Bell’s office. There are two Kindle Fire’s for door prizes. Only those who preregister and attend are eligible. Eligibility is limited to prospective students. Faculty and any staff working the event are ineligible.

X. Summer Enrollment
There was discussion of summer enrollment. Dr. Thompson said that each dean is responsible for the summer revenue plan of their college to ensure that costs are covered, as well as generating $1.9 million that is required for the university budget. That is a target established on summer performance in summer 2010 (FY11). A general formula of 1.5 times the faculty salary can be used to estimate enrollment targets. Deans and department heads will need to discuss course offerings and enrollments to ensure that targets are met within the colleges. Revenue generated beyond $1.9 million will be shared back with Academic Affairs. The first $250,000 generated will return to Academic Affairs; revenue beyond that will be split 50-50 between Academic Affairs and the University budget. Revenue sharing with the colleges will be based on college revenues.

XI. Adjournment. The meeting was adjourned at 3:24 p.m.

Respectfully submitted,

Phyllis L. Panhorst
Coordinator of Faculty Information and
Graduate Catalog Editor
CALL TO ORDER. The meeting was called to order at 2:05 p.m. by Dr. Carol Andrews.

Those certified by the State of Georgia in a secondary field can teach in grades 6-12. Those certified only in middle grades cannot. The change to the program of study will allow the CoE to prepare educators marketable at two instructional levels. Substantive change requests will be sent to the USG Board of Regents and to the Georgia Professional Standards Commission upon approval of these changes through the college and university review processes.

Effective Term: Fall 2013, Contingent upon BOR approval.

Items 1-2 from the Department of Art, Music, and Theatre were discussed and approved by the committee.

1. Modify the following course:
ARTS 6750 Graduate Internship 0-3 0-V-4

Rationale: Necessary to conform to hour counts awarded by the College of Education for the same teaching internship. The amount of time and effort that is required by graduate internship warrants the awarding of more than three hours. Many states will not recognize reciprocity of teaching certification if program completers do not complete at least four credit hours in Internship or Student Teaching.

Practical understanding of system development is enforced through team projects in reference to a fictitious healthcare environment.

   Rationale. HIMSS (Healthcare Information & Management Systems Society) is one of the two major accreditation/certification bodies for health informatics professionals. The professional certification for HIMSS - CPHIMS (Certified Professional in Health Information Management and Systems) – requires applicants to have the requisite didactic and experiential background in clinical information systems to sit for the certification exam. This course provides some of the required background didactic knowledge for the exam. This course is a cross listed course.

1. Delete the following course:
   
   PSYC 5200U/G Industrial and Organizational Psychology 3-0-3
Rationale: PSYC 5200U and PSYC 5200G were originally 3000-level courses, but we had changed them to 5000-level courses to support the MALPS Program when it was developed. With the MALPS program now in deactivation status, and with difficulties hiring faculty who would qualify for graduate faculty status to teach these courses, we would like to delete them from our list of course offerings.

Effective Term (for catalog purposes): Fall 2012  
Effective Term (for Banner purposes): Spring 2013

OTHER BUSINESS

A. Informational Item: At the November 2, 2011, two new courses were created in Health Sciences: MHSA 7200 and MHSA 7300. Mr. Robby Dittman discovered that these two numbers have previously been used for unrelated (not equivalent) courses. In consultation with Dr. Joey Crosby, these courses were renumbered as follows:

MHSA 7200 corrected to: **MHSA 7250 Quantitative Analysis Methods for Health Care Management II**

MHSA 7300 corrected to: **MHSA 7235 Health Care Financial Management II**

ADJOURNMENT. The meeting was adjourned at 2:52 p.m.

Subject: items for next GAC
To: Joey Crosby <joey.crosby@armstrong.edu>

Joey,

I have an item for the next GAC meeting. We need approval for the candidates for graduation in May. The list is attached. I know it is early, but because we have been printing the program much earlier, we have to get the approval earlier.

I also need your advice on needed changes in the graduate catalog. On pages 44, 45, 47, 50, 53, 54, 55, 59, 61, 63, 65, 69, 84, 88, 95, 99 there is either the exact language listed below in blue or similar language which states that students must apply for graduation two semesters before graduation.

An application for graduation that must be forwarded to the Office of Graduate Admissions two (2) semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.

Almost two years ago the certification of graduation of graduate students moved from Graduate Admissions to the Office of the Registrar. So the reference to Graduate Admissions should be removed. And although students are encouraged to apply for graduation two full semesters before they graduate, the published deadlines on the web and in the graduate catalog under Graduation Requirements (p. 16) are:

**Graduate Graduation Information**

Students must apply for graduation by the following dates:

February 15th for May

June 15th for summer

September 15th for December

My notes say that the changes in these deadlines were approved February 2010. One reason the deadlines changed is that students must now formally apply to receive certificates, and not all certificates take two full semesters to earn. Another reason is that students simply were not applying two semesters before graduation and Armstrong was not enforcing the deadline. To make the catalog consistent, I suggest that the blue statement above should be changed in the catalog to “Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.”

Does this change need any formal approval?

Thanks for your help.

Judy
