Notes for students wishing to move into the Bachelor of Science degree program in Medical Laboratory Sciences

1. It is recommended that BIOL 2275 or BIOL 2010 be completed prior to the start of the bachelor of science degree program.
2. A GPA average of 2.5 or higher is required in the science courses (biology and Chemistry) with no more than one grade of D or lower.
3. Required biology and chemistry courses must be completed prior to the senior year.
4. A cumulative GPA of 2.4 or higher is required.

Completion of the Association Degree track does not guarantee admission to the bachelor degree (professional) program. Admission to the professional degree is competitive and seats are limited.
