Connecting to Armstrong Wi-Fi: iPhone

1. Tap on **Settings**.

2. Go to Wi-Fi and tap on **Not Connected**.

3. Make sure that Wi-Fi is turned **ON** and select **Armstrong** from the list of available networks.

4. Tap on Wi-Fi. The **Enter the password for “Armstrong”** window appears.
5. Enter your **Port username** and **password**. Tap on **Join**.

The **nps01.armstrong.edu or nspp02.armstrong.edu certificate** window appears.

6. Tap on **Accept**.

You should now be connected to the Armstrong wireless network.
