Armstrong eClassroom: Grades

Grades can be found under Course Grades in the tools menu.

Use the dropdown to select Grades.

This will take you into the Grade book.

The Spreadsheet view has move to the right-hand side of the page. Click on this to see the grades/numbers.

There is an area from the Gradebook that you can find the student’s user progress. This can be found in front of the student’s name.

It is always suggested to set up the gradebook before setting up any quizzes, dropbox items or discussions.
