## 5. Change requirements for Finance Certificate and Economics Minor

The Department of Economics offers a certificate program in financial economics. This program offers students the opportunity to obtain a broad understanding of various aspects of financial economics, ranging from capital markets and financial institutions to foreign exchange markets. The Certificate in Financial Economics can be earned in one of two tracks. First, it can be taken in tandem with a formal undergraduate degree. The second option is the professional track, designed for non-degree students with a professional or occupational interest in financial economics. Individuals are eligible for this track upon presentation of proof of a valid undergraduate degree from an accredited institution. In either case, students should meet with an advisor in order to declare their interest in the certificate program and to plan their course of study. Under either track, the certificate will be awarded upon successful completion of all of the following courses with a grade of C or better in each.

ECON 2105 - Principles of Macroeconomics .....	3

ECON 2105 or 2106

Twelve credit hours of upper division economics courses, 3000 and above, except for ECON 5150U. selected from: ECON 3050, 3060, 3100, 3450, 3470, 3500, 3600, 3700, 3800, 4100, 4150, 4400, 4410, 4451, 4460, 4500, 4550, 5200U, 5300U, 5310U, 5400U, 5630U.

**6. Add the business track as the third track of the economics major. Add detail to Area F. Change the general and international tracks of the economics major. Add new courses to list of choices for existing tracks.**
