

Waitlisting - Student Information

Waitlisting is a new feature that allows students to waitlist a class that has met its maximum enrollment limit. Waitlisting is offered on a "first-come, first-serve" basis and is not available on all scheduled classes for a term. Once a seat has become available, the student will receive an email notification to register for the class. Students will have 24 hours to register for the open seat before forfeiting it to the next spot in line.

Other information about waitlisted courses

1. The waitlist of a term is closes the Friday before the start of a term.
2. The student cannot waitlist for a class until his/her time ticket is opened.
3. The student cannot register for a waitlisted course if registration errors exist.
4. The student will not be billed for a waitlisted course until it is converted over to a registered course.
5. If a student has waitlisted a lecture or lab that has a corresponding class, they must be registered together if a seat becomes available. Students must add the CRN to the worksheet at the same time as selecting "Web Registered" for the waitlisted course to prevent registration errors. Example below.
